

CURRICULUM VITAE

March 21, 2024

Name: Shoshiro Minobe

Affiliation: Professor,
Department of Earth and Planetary Sciences, Faculty of Science, Hokkaido University,

Address: Science building No. 8, N10, W8, Sapporo, 060-0810, Japan

E-mail: minobe at sci.hokudai.ac.jp

Phone: +81-11-706-2644

Nationality: Japanese

Research Interest: Interaction between the ocean and atmosphere
Variability and change of the ocean and atmosphere
Biophysical interaction in the ocean

Education: Received a Ph.D. (Doctor of Science) in March, 1994 from Hokkaido University for a thesis entitled: "Annual Variabilities caused by Equatorial Waves in the Pacific Ocean and Accompanying Responses of the Atmosphere".
Doctoral course of Department of Geophysics, Graduate School of Science, Hokkaido University, April 1988 - March 1989.
Master course of Department of Geophysics, Graduate School of Science, Hokkaido University, April 1985 - March 1987. (Master of Science, March 1987)
Geophysics, School of Science, Hokkaido University. April 1981 - March 1985. (Bachelor of Science, March 1985)

Occupation: Visiting Researcher, NCAR in Boulder from June 2016 to August 2016.
Visiting Researcher, SOEST, University of Hawaii at Manoa from April 2016 to June 2016.
Professor, Earth and Planetary Dynamics, Natural History Science, Graduate School of Science, Hokkaido University, April 2006 to present.
Professor, Department of Earth and Planetary Sciences, Graduate School of Science, Hokkaido University, April 2005 to March 2006.
Associate Professor, Department of Earth and Planetary Sciences, Graduate School of Science, Hokkaido University, May 1997 to March 2005.
Adjunct researcher, Japan Agency for Marine-Earth Science and Technology, for International Arctic Research Center, University of Alaska, Fairbanks, USA. April 1998 to March 2004.
Assistant Professor, Department of Earth and Planetary Sciences, Graduate School of Science, Hokkaido University, April 1995 to April 1997.
Visiting Researcher, Joint Institute of Atmosphere and Ocean Studies, University of Washington, June 1994 to September 1994.

Assistant Professor, Department of Earth and Planetary Sciences, Graduate School of Science, Hokkaido University, April 1989 to March 1995.

Researcher, Hardware Design Laboratory, B U G Corporation, April 1987 to March 1988.

Award:

The world's most influential 1,000 climate scientists, selected by Reuters. <https://www.reuters.com/investigates/special-report/climate-change-scientists-list/> April, 2021.

The Ninth National Maritime Awards (Prime Minister Awards) in the category of Excellent Contribution to Maritime Affairs, Science and Technology Promotion in relation to the Ocean, for “Study on physical interaction between the ocean and the atmosphere”. August 2016.

The Commendation for Science and Technology by the Minister of Education, Culture, Sports, Science and Technology, Prizes for Science and Technology, Research Category, for studies of “Ocean–Atmosphere Interaction and Variability”, April, 2014.

The Japan Oceanographic Society Award from the Oceanographic Society of Japan for “Analytical studies from processes to decadal variations in the ocean and atmosphere”, March 2013.

The Horiuchi Award from the Meteorological Society of Japan for “Studies of decadal-scale variability over the North Pacific Ocean”, October 2006.

The Best Paper Award from North Pacific Marine Science Organization, for “A 50-70 year climatic oscillation over the North Pacific and North America”, October 1996.

Membership:

The Oceanographic Society of Japan (Since 1989)

The Meteorological Society of Japan (Since 1989)

American Geophysical Union (Since 1998)

Japan Geoscience Union (Since 2012)

International Activities:

Member, CLIVAR Science Steering Group, 2024-present

Member (representing WCRP Light House Activity), working group of “Climate Extremes and Coastal Impacts in the Pacific”, PICES (North Pacific Marine Science Organization), 2023-present

Member, WCRP Light House Activity on “Explaining and Predicting Earth System Change”, 2020-present

Associate Editor of “Frontiers in Marine Science”, 2021-2023

Member, US-CLIVAR working group on “Mesoscale and Frontal-Scale Ocean-Atmosphere Interactions and Influence on Large-Scale Climate”, 2019-2022

Chief Topic Editor for research topic in Frontiers in Marine Science “North Pacific Climate and Ecosystem Predictability on Seasonal to Decadal Timescales”, 2019-2021

Member, US CLIVAR working group on “Large ‘Initial-Condition’ Earth System Model Ensembles (LEs)”, 2018-2021

Co-chair (representing CLIVAR), working group of “Climate and Ecosystem Predictability”, PICES (North Pacific Marine Science Organization), 2017-2021

Co-chair (founding), Climate Dynamics Panel of CLIVAR, 2015-2020

Member, study group on “Climate and Ecosystem Predictability”, PICES (North Pacific Marine Science Organization), 2015-2016

Co-chair, working group of “North Pacific Climate Variability and Change”, PICES (North Pacific Marine Science Organization), 2011-2015

Science Plan Writing Team Member for Project FUTURE (Forecasting and Understanding Trends, Uncertainty and Responses of North Pacific Marine Ecosystems) of PICES, 2007-2008.

Associate Editor of “Journal of Climate” (2006-2007)

Editor, Journal of the Meteorological Society of Japan (2002-2006)

Guest Editor, Progress in Oceanography, special issue for “North Pacific Climate Regime Shift” (2000)
